AMERICAN ASSOCIATION OF OCCUPATIONAL HEALTH NURSES FOUNDATION ANNOUNCES 2023 SCHOLARSHIP AWARD APPLICATIONS NOW OPEN

Chicago — AAOHN (American Association of Occupational Health Nurses) Foundation is excited to announce that the [2023 Scholarship and Academic Award applications](#) are now open! These scholarships and grants support occupational health nurses who aim to continue their personal, professional, and leadership development, or who aim to support the mission of AAOHN/the AAOHN Foundation by improving the health and safety of workers by advancing the field of occupational and environmental health research.

Every year, the AAOHN Foundation awards numerous scholarships and academic study awards to occupational health and environmental nurses who qualify for these funds. To qualify, AAOHN members must meet a strict set of criteria, demonstrate a commitment to professional development and making future contributions to the field of occupational and environmental health nursing, and undergo a competitive review process by experts within the field. The funds are made possible by our generous sponsors, AAOHN chapters, and AAOHN members who have contributed to make these awards available. We are grateful for our AAOHN [Foundation Sponsors](#) and proud of our [past recipients](#) who characterize occupational health nurses committed to advancing the health, safety, and well-being of workers and the businesses and communities they serve.

###

About the AAOHN Foundation

The American Association of Occupational Health Nurses Foundation (AAOHN Foundation) is a 501(c)(3) tax-exempt organization, created by the American Association of Occupational Health Nurses Inc. (AAOHN) in 1997 to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. These purposes are accomplished through grants and scholarships to support scholarship awards to support ongoing professional education; leadership development; and grants for research initiatives.

AAOHN is comprised of more than 100 chapters and serves over 4,000 members located across the United States, US territories, and the world, with our international membership. The AAOHN Foundation is committed to ensuring that occupational and environmental health nurses are seen as the authority on health, safety, productivity, and disability management for worker populations by providing them the opportunity to continue their education and conduct research which supports the sustainability of the profession.
