To: Arkansas AAOHN National and Chapter Members

Re: 2026 Scholarship Opportunity

Dear Arkansas AAOHN Members,

The AAOHN Foundation Board of Trustees extends heartfelt thanks to the leadership and members of the Arkansas Association of Occupational Health Nurses for their generous contribution to the Foundation. We recognize the difficult decision this was for your chapter and are saddened by its dissolution. However, we are grateful that the funds will support scholarships and educational grants for our AAOHN members.

The Arkansas Board of Directors has established the Richard G. Johnson Memorial Scholarship, which will provide two (2) \$2,000 scholarships for the 2026 National Conference. Eligibility is simple: if you are an eligible Arkansas AAOHN (state or national) member and wish to attend the conference, **please indicate your interest by submitting the application below via email by the firm deadline of December 1st, 2025.** Recipients will be selected through a random drawing, and winners will be notified in February.

Awards cover registration for the National Conference held in Orlando, FL, in April 2026.

After attending the conference, recipients must submit a copy of their certificate of completion and a brief report (500 words or less) on how the knowledge gained positively impacted worker health and safety.

Regards,

Catherine M Pepler
Executive Director
AAOHN Foundation
