

AAOHN FOUNDATION

Dear Partner,

The American Association of Occupational Health Nurses Foundation is a group of volunteers whose mission is to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. We accomplish this by procuring sponsorships and fundraising to award grants and scholarships that fund ongoing professional education, leadership development, and research initiatives.

AAOHN is nationally recognized as a leader within the field of occupational and environmental health nursing. We are extremely proud of this tradition and work hard to maintain our commitment to worker health and safety by focusing on improving the health and safety of the nation's workforce. The Foundation was created by AAOHN in 1997 to carry out this mission. Supporting the Foundation's activities ensures there are resources to support this bold visionary of expanding resources for occupational and environmental health professionals.

We would be honored and pleased to have you sponsor a fundraising event/table at our annual AAOHN National Conference where we host a wellness event that takes care of Occupational Health Nurses who have worked tirelessly to keep America's businesses open throughout the pandemic and every day. If you are a longtime partner, we look forward to seeing you again! And if you are a first-time participant, we can't wait to welcome you.

There are also other opportunities for you to sponsor The Foundation and the health professional recipients throughout the year-each is a tax-deductible donation for which you will receive a receipt for your records. Check out our [webpage](#) where you can [make a contribution](#) or support one of our fundraising activities. Consider making an individual donation in honor or in memory of a colleague, special leader, friend, or family member; check if your employer offers gift-matching, or work with your local chapter to contribute and give back to support other's development. If you are interested in funding a scholarship or grant, please reach out to our Executive Director Catherine Pepler by [email](#).

We thank you for your attention and support of our organization and the field of occupational and environmental health nursing and we each look forward to working with you and seeing you soon!

Your partners,

AAOHN Foundation Trustees

AAOHN FOUNDATION

2023 FOUNDATION SPONSORSHIP OPPORTUNITIES

The AAOHN Foundation, a 501(c)(3) tax-exempt organization, was created in 1997 to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. To ensure that occupational and environmental health professionals find the critical current and future answers they need, the AAOHN Foundation funds professional development scholarships and research grants that focus on improving the health and safety of the nation's workforce. The Foundation acts as both a vital source of funds and a stimulus for substantive work to solve today's worker health and safety issues. Supporting the Foundation's fundraising activities ensures improvement in the health and safety of the nation's workforce and a bold, visionary expansion of resources for occupational and environmental health professionals.
