

About AAOHN COHN/COHN-S Virtual Review Course

The AAOHN COHN/COHN-S Review Course is a comprehensive certification preparation program designed to equip occupational health nurses with the knowledge and skills needed to succeed on the ABOHN certification exam and enhance professional practice.

Aligned with the ABOHN exam blueprint, this course delivers a structured review of core occupational health nursing competencies while emphasizing real-world application.

Key Highlights

- Focused on practical, real-world occupational health nursing practice
- Comprehensive coverage of all core OHN domains
- Includes interactive case studies, group discussions, and test-taking strategies
- Delivered in a flexible virtual format to accommodate work schedules
- Opportunity to earn 16 Nursing Continuing Professional Development (NCPD) Contact Hours

Continuing Education

Participants can earn up to 16 NCPD Contact Hours upon successful completion of the course requirements.

Learning Outcomes

Upon completion of this course, participants will be able to:

- Apply occupational health nursing principles in workplace settings
- Interpret and apply regulatory requirements (OSHA, DOT, ADA, etc.)
- Improve injury prevention strategies and case management outcomes
- Strengthen workplace safety, compliance, and employee well-being programs
- Demonstrate readiness for the COHN or COHN-S certification exam

Value to Professional Practice & Organization

Immediate Impact

- Improved management of workplace injuries and incidents
- Enhanced compliance with federal safety and regulatory standards
- Strengthened documentation practices and audit readiness

Cost Savings & Operational Efficiency

- Reduction in workers' compensation costs
- Fewer repeat incidents through root cause analysis and prevention strategies
- Improved return-to-work timelines, minimizing productivity loss

Long-Term Value

- Development of internal subject matter expertise in occupational health
- Reduced reliance on external consultants and resources
- Strengthened organizational reputation, compliance posture, and safety culture

Identify the Benefits

To make the case for attending the COHN/COHN-S Review Course, it's important to demonstrate how the program directly supports your organization's priorities. Use the table below to align key organizational needs with specific course outcomes.

YOUR COMPANY'S NEED	HOW THE COHN/COHN-S COURSE SUPPORTS IT
Reduce workplace injuries & illness	Training in hazard identification, incident assessment, and evidence-based prevention strategies
Improve regulatory compliance (OSHA, DOT, ADA, etc.)	In-depth review of federal regulations, standards, and occupational health legislation
Improve return-to-work (RTW) outcomes	Education on case management, workers' compensation, and RTW best practices
Strengthen employee health & wellness programs	Focus on disease prevention, health promotion, and Total Worker Health strategies
Improve documentation & audit readiness	Instruction on medical surveillance, recordkeeping, and compliant occupational health documentation

Enhance emergency preparedness & response	Training in emergency response, disaster management, and workplace safety hazards
Improve workplace safety culture	Application of root cause analysis and proactive risk management approaches
Reduce organizational costs	Strategies to prevent repeat incidents, minimize claims, and improve efficiency
Infection Control: Improve rapid response to public health emergencies.	Streamline infection control policies and procedures.

Subject: Request for Professional Development – COHN/COHN-S Certification Course

Dear *<manager name>*,

I am writing to request approval to attend the AAOHN COHN/COHN-S Review Course, a professional development program designed to prepare occupational health nurses for national certification.

This course aligns closely with our organization's priorities around workplace safety, regulatory compliance, and employee health outcomes. The curriculum focuses on key areas such as injury prevention, case management, OSHA/DOT regulations, and emergency preparedness — all of which directly support my day-to-day responsibilities and our team's broader goals.

By completing this training, I will be able to:

- Apply evidence-based strategies to help reduce workplace injuries and associated costs
- Strengthen compliance with occupational health and regulatory standards
- Improve return-to-work outcomes and case management efficiency
- Enhance the effectiveness of our employee health and safety programs

This program is offered in a virtual four half-day session format. The total cost is approximately **[\$X]**, representing a cost-effective investment compared to in-person certification preparation programs, with direct applicability to occupational health practice and organizational priorities.

Following completion, I will share key insights and practical takeaways with the team to extend the value of this training across our department.

I believe this training will support several of our organization's current occupational health priorities, including **[insert relevant examples]**. The program's focus on injury prevention, compliance, case management, and employee health outcomes aligns closely with our team's objectives.

Thank you for considering this request. I'm happy to discuss further or provide additional details as needed.

Sincerely,

<your name>
