Examination Content Outline

1	Clinical Practice and Case Management	72
Α	Clinical Practice	42
1	Work-related Injuries and Illnesses	
2	Non-work related Injuries and Illnesses	
3	Nursing Standards of Care	
4	Nurse Practice Laws and Regulations	
5	Clinical Care Counseling and Education	
6	Infection Control Standards of Care Protocols	
7	Cultural Competence and Considerations	
8	Medical Documentation	
В	Case Management	30
1	Fit for Duty	
2	Case Management Counseling and Education	
3	Disability Case Management (e.g., STD, LTD, FMLA)	
4	Workers Compensation	
5	Return to Work	
6	Restricted/Modified Duties and Accommodations	
7	Referrals and Resources	
		40
2	Risk and Compliance	40
Α	Risk Management and Prevention	40 20
A 1	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments	
A 1 2	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical)	
A 1 2 3	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design	
A 1 2 3 4	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene	
A 1 2 3 4 5	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues	20
A 1 2 3 4 5	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance	
A 1 2 3 4 5 B 1	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance	20
A 1 2 3 4 5 B 1 2	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs	20
A 1 2 3 4 5 B 1 2 3	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs	20
A 1 2 3 4 5 B 1 2 3 3	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance	20
A 1 2 3 4 5 B 1 2 3	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management	20
A 1 2 3 4 5 B 1 2 3 3 A	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management Health, Safety, and Workplace Education and Training Programs	20
A 1 2 3 4 5 B 1 2 3 A 1	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management	20
A 1 2 3 4 5 B 1 2 3 A 1 2	Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management Health, Safety, and Workplace Education and Training Programs Worker/Employee Assistance Programs (EAP)	20

Examination Content Outline

1	Clinical Practice and Case Management	45
Α	Clinical Practice	20
1	Work-related Injuries and Illnesses	
2	Non-work related Injuries and Illnesses	
3	Nursing Standards of Care	
4	Nurse Practice Laws and Regulations	
5	Clinical Care Counseling and Education	
6	Infection Control Standards of Care Protocols	
7	Cultural Competence and Considerations	
8	Medical Documentation	
В	Case Management	25
1	Fit for Duty	
2	Case Management Counseling and Education	
3	Disability Case Management (e.g., STD, LTD, FMLA)	
4	Workers Compensation	
5	Return to Work	
6	Restricted/Modified Duties and Accommodations	
7	Referrals and Resources	
8	Third-Party Providers and Services Evaluation and Management	
	,	
2	Risk and Compliance	32
2	-	32 20
	Risk and Compliance	
Α	Risk Management and Prevention	
A 1	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments	
A 1 2	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical)	
A 1 2 3	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design	
A 1 2 3 4	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls	
A 1 2 3 4 5	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene	
A 1 2 3 4 5 6	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues	
A 1 2 3 4 5 6 7	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions	20
A 1 2 3 4 5 6 7 B	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance	20
A 1 2 3 4 5 6 7 B 1 2 3	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance	20
A 1 2 3 4 5 6 7 B 1 2	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance	20
A 1 2 3 4 5 6 7 B 1 2 3	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management	12
A 1 2 3 4 5 6 7 B 1 2 3 3 A 1	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management Health, Safety, and Workplace Education and Training Programs	20 12 30
A 1 2 3 4 5 6 7 B 1 2 3 A 1 2	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management Health, Safety, and Workplace Education and Training Programs Worker/Employee Assistance Programs (EAP)	20 12 30
A 1 2 3 4 5 6 7 B 1 2 3 3 A 1	Risk and Compliance Risk Management and Prevention Worker, Worker Population, and Workplace Settings Assessments Worker Job Requirements (e.g., physical) Ergonomics and Work Design Hierarchy of Controls Environmental Health and Industrial Hygiene Disaster Planning and Emerging Health Issues Job Analysis and Descriptions Compliance Ethical, Legal, and Regulatory Compliance Occupational Health Surveillance Programs Drug and Alcohol Programs Program Management and Quality Assurance Program Management Health, Safety, and Workplace Education and Training Programs	20 12 30

В	Quality Assurance	15
1	Quality Management/Improvement Programs	
2	Surveillance/Regulatory Compliance Testing Programs	
3	Programs Evaluation and Quality Care Metrics	
4	Audits	
4	Operations and Business Management	28
Α	Operations Management	15
1	Scope of Services for Occupational Health Staff	
2	Occupational Health and Safety Program Development and Implementation	
3	Staff Competencies, Requirements, and Protocols	
4	Hiring, Training, Supervising, and Retention of Staff	
5	Strategic Planning	
В	Business Acumen	13
1	Stakeholder Engagement and Education	
2	Budgets, Cost Containment, Cost-Avoidance, and Return on Investment	
_	(ROI)	
3	Analysis of Outcomes and Metrics	
4	Communication of Reports to Stakeholders
