

AAOHN FOUNDATION

Dear Partner,

The [American Association of Occupational Health Nurses Foundation](#) 501(c)(3) is a group of volunteers whose mission is to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. We accomplish this by procuring sponsorships and fundraising to award grants and scholarships that fund ongoing professional education, leadership development, and research initiatives in occupational and environmental health.

AAOHN is nationally recognized as a leader within the field of occupational and environmental health nursing. We are extremely proud of this tradition and work hard to maintain our commitment to worker health and safety by focusing on improving the health and safety of the nation's workforce. The Foundation was created by AAOHN in 1997 to carry out this mission. Supporting the Foundation's activities ensures there are resources to support this bold vision of expanding resources for occupational and environmental health professionals.

We would be honored and pleased to have you sponsor a scholarship or grant this year. If you are a longtime partner or sponsor, we thank you immensely for your past support. If you are a first-time sponsor, we can't wait to welcome you. The [2025 National AAOHN Conference](#) will be taking place March 31-April 2nd in Pittsburgh, PA. We look forward to connecting with individual and corporate sponsors and partners at this event and hope you will consider supporting our goal. Funding a grant or scholarship is an excellent way to support Occupational Health Nurses.

There are also opportunities year-round to sponsor The Foundation and support Occupational Health Nurses. Each donation is tax-deductible and don't forget any corporate gift match you may be eligible for! Check out our [Foundation webpage](#) where you can [make a contribution](#) or support one of our fundraising activities at the Conference in Pittsburgh. Consider making an individual donation in honor of a colleague, special leader, friend, or family member, or work with your local chapter to contribute and give back to support other's development. If you are interested in funding a scholarship or grant, please reach out to our Executive Director [Catherine Pepler](#) at email AAOHNFoundationHQ@gmail.com

We thank you for your attention and support of our organization and the field of occupational and environmental health nursing. We each look forward to working with you and seeing you in Pittsburgh in 2025!

Your partners,

AAOHN Foundation Trustees

2025 FOUNDATION SPONSORSHIP OPPORTUNITIES

The AAOHN Foundation, a 501(c)(3) tax-exempt organization, was created in 1997 to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. To ensure that occupational and environmental health professionals find the critical current and future answers they need, the AAOHN Foundation funds professional development scholarships and research grants that focus on improving the health and safety of the nation's workforce. The Foundation acts as both a vital source of funds and a stimulus for substantive work to solve today's worker health and safety issues. Supporting the Foundation's fundraising activities ensures improvement in the health and safety of the nation's workforce and a bold, visionary expansion of resources for occupational and environmental health professionals.
